

Automation Alley[®]

May 27, 2008

Chairman Kevin J. Martin
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Martin:

As executive director of Automation Alley, Michigan's largest technology business association with more than 900 members, I am writing to acknowledge our support of WWJ Newsradio 950, our local CBS affiliate.

WWJ has continually provided Automation Alley, and its members, with support throughout the years as we work to brand Southeast Michigan as a center for technology excellence.

Automation Alley appreciates the commitment that WWJ Newsradio has made to the region and looks forward to continuing our relationship in the future.

Sincerely,

Ken Rogers
Executive Director
